15th May 2021

Dear <<First Name>> <<Last Name>>,

Warm greetings from the Secretariat !

The Society of Jesus has not, since the start of this pandemic, been indifferent to the realities of the world. Through SJES-Rome several actions have been carried out worldwide with respect to managing the pandemic which is crumbling all the sectors of our lives. It is in this same perspective that through SJES-Rome again, the Society of Jesus has called for justice in the global allocation of the Covid-19 vaccines given that, the poor and marginalized are being left out.

The precarious situation of Myanmar and India has necessitated an invitation to pray for nations in crisis, and a deeper commitment of *Magis* in its attempts to alleviate hardship during this pandemic. The cry for justice, the respect for Human Rights and for the care of our common home have become more and more intense.

But, despite these sad realities, the future is full of hope and joy given the upcoming Laudato si' week which will definitely school us on new insights on taking care of our common home, and the start of the Ignatian Year which shall celebrate the fifth centenary of the conversion of St. Ignatius of Loyola; an invitation to conversion and "to see all things new in Christ."

We invite you all to join these events which seek to make our world a reconciled world full of justice.

NEWS

The Society of Jesus calls for justice in the global allocation of Covid-19 vaccines

As COVID-19 vaccination campaigns accelerate in the world's wealthiest countries, the Society of Jesus joins the calls for concrete efforts to ensure an equitable and just vaccine allocation framework. Currently, 87% of administered vaccines have gone to [Read more...](#)

Argentina – JM: Situation report on displaced populations in Argentina

The Jesuit Migrant Service (SJM) in Argentina, presented a report on the situation of migrants, refugees and asylum seekers in the period 2020-2021. This report aims to show the advocacy dimension that SJM works

in the country, to make visible the recognized impacts [Read more...](#)

**Africa – Vaccinating the world:
Time is of the essence**

Speed matters in a pandemic. The COVID-19 vaccine production and distribution is a race against time. The longer COVID-19 lasts and the wider it spreads, the more suffering and death it causes and the more likely it is to evolve mutant strains. According to [Read more...](#)

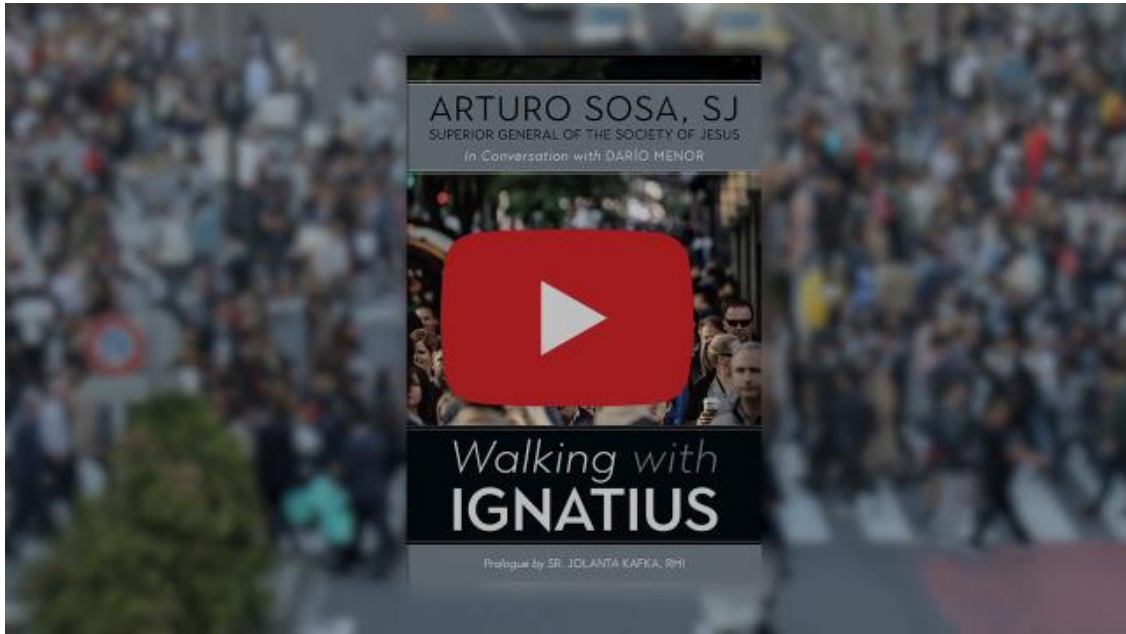

Global – Sharing the journey of living Laudato Si' in Jesuit Schools

Following through on the *Laudato Si'* formation for staff at St Aloysius College in Malta aimed at deepening the understanding of the values of Laudato Si', the eight-session [Read more...](#)
