Dear <<First Name>> <<Last Name>>,

"If bees disappeared, the consequences for the planet and humanity would be catastrophic." Pope Francis's most important legacy was raising awareness of the interconnectedness of all creatures and encouraging us to care for one another in this common home. His emphasis on synodality also stems from his profound faith in the one true God, the Creator.

In a world full of signs of destruction and death, we must resist and proclaim the hope that drives us through our words and deeds: reconciliation and justice are the path to liberation and ultimate salvation from the clutches of death.

**Roberto Jaramillo Bernal, S.J.**  
Secretary, Social Justice and Ecology Secretariat, Rome

The Social Secretaries of the Conference and the leaders of the four Global Ignatian Advocacy Network (GIAN) initiatives gathered for their annual meeting. The entire SJES team was also present.
