

CURIA GENERALIZIA DELLA COMPAGNIA DI GESÙ

Global Ignatian Advocacy Network (GIAN): Our Way of Proceeding

2025/14

TO THE WHOLE SOCIETY

Dear Brothers in the Lord,

Based on the experience and collective reflection carried out in the GIAN, the Secretary of Social Justice and Ecology has presented me with a text entitled "*GIAN, Our Way of Proceeding*," which I welcome with pleasure, and approve for three years. This document replaces the one published in the letter 2022/03.

I thank the Lord and all the members of GIAN's initiatives for the effort, energy, and apostolic passion demonstrated in the service of 'education as a right for all', 'justice in mining activities', 'accompaniment of populations forced to migrate', and the 'challenge of integral ecology'.

As Pope Francis used to repeat: "Reality is always greater than the idea." In keeping with this spirit, I hope that this text can serve as a tutor for the next three years, always maintaining its encouraging, guiding, and structuring character. Today, more than ever, we need to work in networks in which the thousands of talents of the apostolic body of the Society — in their diversity — can collaborate in the production of impacts that transform reality, because "where there is capacity and opportunity, there is responsibility" (Fr. Arrupe).

May the Lord continue to accompany and bless the journey of GIAN and its initiatives.

Arturo Sosa, S.J.
Superior General
